

LAWRENCE COUNTY RECYCLING DIRECTORY

2008

Lawrence County Recycling/Solid Waste Department
430 Court Street
New Castle, Pa 16101
724-658-6925
724-656-2287 (fax)
e-mail: recycling@co.lawrence.pa.us
web site: www.co.lawrence.pa.us/recycling

ATTENTION: If you want your company in the recycling directory,
contact the Lawrence County Recycling/Solid Waste Department.

**All directory information is updated at the time of the publication. Changes do occur.
Call for current information, before you start collecting or take recyclable materials to
any recycler**

Table of Contents

Introduction	Page 1
How to Prepare Recyclables	Page 3
County Drop-off Recycling Programs	Page 4
Municipal Drop-off Recycling Programs	Page 5
Municipal Curbside Recycling Programs	Page 6
Listing by Materials	Page 7-11
Alphabetical listing of Recyclers	Page 12-19

Introduction

The directory is organized into three primary sections.

1. "Municipal Drop-off and Curbside Programs" listed alphabetically by municipality, phone numbers, materials collected, places, dates, and times of collection.
2. "Listing by Materials" The list is arranged by material. It tells where materials can be recycled.
3. "Alphabetical List of Recyclers" list recyclers in alphabetical order, including their address, telephone number, and material accepted.

Reduce, Reuse and Buy Recycled

When You Shop:

Packaging makes up more than 30% of consumer waste and uses 10 cents of every shopping dollar. Become an environmentally aware shopper and avoid buying over-packaged products which add to our waste disposal problem.

- Buy durable goods
- Repair and restore used items
- Buy items you can reuse
- Avoid excess packaging
- Buy items made from recycled Materials

At Work and School:

- Start simply. Reduce waste by using both sides of the paper for copying and memos
 - Recycle office paper, aluminum cans, leaves and corrugated cardboard.
- Remember, it's the law!**
- Use reusable coffee mug
 - Buy only what you need
 - Do a waste audit to see what you are throwing away. **Remember you pay for waste twice, once when you purchase it and second to throw it away.**

All directory information is updated at the time of the publication. Changes do occur. Call for current information before you start collecting or take recyclables to any recycler.

**All directory information is updated at the time of the publication.
Changes do occur.
Call for current information, before you start
collecting or take recyclable materials to any recycler.**

Take the next step...
Complete the cycle and buy
recycled products made with post-
consumer content such as paper
products, carpeting, scissors,
pencils and various containers.

Buy Recycled

Discarding your recyclable
materials in a responsible
manner
is only one step in the
recycling cycle.

*This directory is funded, in part, through a grant from the Department of
Environmental Protection and updated by Lorraine Ranchod, Jerry Zona, and
Amy Jo Labi-Carando*

Funded in part by a grant from the PA Department of Environmental Protection

All directory information is updated at the time of the publication. Changes do occur. Call for current information before you start collecting or take recyclables to any recycler.

HOW TO PREPARE RECYCLABLES

MATERIALS

HOW TO PREPARE

DO NOT INCLUDE

NEWSPAPER

Dry Newspaper

Keep clean and dry stack together and place in a paper grocery bag

Catalogs, phone books, unwanted mail, plastic wrappers

*GLOSSY MAGAZINES

Magazines with glossy covers and pages

Keep clean and dry separate from news print and other paper

Phone books, Reader's Digest, TV Guide, other non-shiny magazines

METAL CANS

Aluminum, steel, tin, and bi-metal food and beverage cans. Empty aerosol and paint cans

Empty and rinse carefully flatten, paint cans and aerosols must be empty

Foil, plastic lids, scrap metal, (food residue)

GLASS

Clear, green, and brown glass food & beverage containers

Rinse, remove lids, DO NOT BREAK

Ceramics, mirrors, crystal, milk glass, dishes, light bulbs TV tubes, window & auto glass

PLASTIC BOTTLES

ONLY plastic bottles with a narrow neck and a #1 or #2 in the recycling symbol on the bottom

Rinse, remove lids and plastic rings, flatten

*Check with your specific program if plastic tubs and lids are acceptable.

Ice cream buckets, yogurt containers, plastic lids, pesticide & chemical containers, plastics with code number 3-7.

*CARDBOARD - corrugated

Flatten, keep dry and remove plastic taping

DO NOT include boxes contaminated by food waste

*FIBERBOARD

examples: cereal boxes, tissue boxes

Flatten, keep dry

Same as cardboard

*MOTOR OIL

Used vehicle motor oil

Collect oil in a clean container

DO NOT MIX with any other liquid, do not pour down storm drains, on ground or in water

*APPLIANCES

Refrigerators, stove, air conditioners, washers, dryers, hot water tanks

Have Freon removed by a certified technician, DO NOT damage refrigerant tubing, DO NOT release into the air

*BATTERIES

All car and truck batteries

Handle battery carefully, it contains acid.

*TIRES

Remove tires rims

PAINT CANS

Put unused paint in kitty litter. The paint will dry and harden. Recycle the paint can and discard the paint with the kitty litter.

* **NOT** accepted in most curbside or drop-off collections. Check with your hauler or municipality

County Big Blue Bin Recycling
Drop-off Locations
Open 24 Hours a Day, 7 Days a Week
